

Famoso area table grape grower

Worked with 80 acre block of Red Globes for 4 years. Before starting our program, the average yield was 1700 boxes per acre. The first year on program, the yield increased to 1850 boxes per acre. The second year, the yield increased to 2250 boxes per acre. The third year, the yield increase to a little more than 2400 boxes per acre. The ranch average on the untreated blocks for the same ranch is still around 1800-1900 boxes per acre and the pack out of the Ultra Gro blocks went between 85% and 92% #1's. Depending on the year, a box of globes were valued between \$14.50 - \$18.50 per box.
