

**GUARANTEED ANALYSIS**

**Sulfur (S)** ..... **3.2%**  
**Manganese (Mn)** ..... **6.0%**

Derived From: Manganese Sulfate, complexed by citric acid and gluconic acid

**GENERAL INFORMATION**

SPARK™ MANGANESE is an organic complexed manganese fertilizer, for soil or water run application during primary growth stages. It is intended to be a supplement to a fertility program. Always monitor crop nutrient needs and responses with a soil, leaf tissue and irrigation water analysis program.

**DIRECTIONS FOR USE**

*This product is not intended for foliar applications.*

**SOIL APPLICATIONS**

Soil apply via mechanical application through direct spray or injection to the soil. Mix with sufficient water for adequate mixing and coverage of target areas. Apply in a uniform manner that avoids undiluted droplets coming into contact with living tissue. It is not recommended in applications where material will come into direct contact with seeds or young roots in its concentrated form. This product should NOT be applied in direct contact with seed and is not recommended for "pop up" applications.

**WATER RUN APPLICATIONS**

This material may be water run via drip, flood, and/or furrow. Apply in a uniform manner that avoids undiluted droplets coming into contact with living tissue. When applying this material via a fertigation system, continue to operate the system 30-60 minutes after material has completely injected to flush clean water through the system. Verify compatibility of all system components with acid fertilizers.

**WARNING**

Causes skin irritation. Causes serious eye irritation. May cause damage to organs (central nervous system) through prolonged or repeated exposure.

**PREVENTION:** Do not breath fume/gas/mist/vapours/spray. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protections. **RESPONSE: IF ON SKIN:** Wash with plenty of water. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advise or attention if you feel unwell. Specific treatment (see First Aid on SDS). If skin irritation occurs: Get medical advice or attention. **STORAGE AND DISPOSAL:** Dispose of in accordance with local, regional and international regulations. Percentage of Components with Unknown Acute Toxicity: Oral: 21.3% Dermal: 32.2%, Inhalation Vapor: 32.2%, Inhalation Dust/Mist: 38.5%

**WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**PRECAUTIONS**

Agitate prior to use.

**COMPATIBILITY**

This product has an acidic pH and is compatible with many commonly applied nutrients and crop protection products. Contact an Ultra Gro representative for a list of compatible mixes. Jar test for compatibility prior to mixing with any pesticides, fertilizers or fertilizer blends. For unfamiliar mixes, an appropriate amount of the final mix should be applied to a small area of the intended crop to ensure plant compatibility prior to the planned application. User assumes full responsibility to ensure product, equipment and plant compatibilities.

**STORAGE AND SHELF LIFE**

Store in a sealed container in cool, dry location, at temperatures above freezing. Triple rinse and dispose of containers according to local and federal regulations.

**SUGGESTED APPLICATION RATES & TIMINGS**

**FRUIT TREES & GRAPE VINES & OTHER VINES**

Apply 0.5 - 3 gallons of SPARK™ MANGANESE per acre up to every 7 days during timings of key nutrient demands, in combination with water and any compatible mineral that may be needed.

**NUT TREES**

Apply 0.5 - 3 gallons of SPARK™ MANGANESE per acre up to every 7 days during timings of key nutrient demands, in combination with water and any compatible mineral that may be needed.

**VEGETABLE CROPS, FIELD AND ROW CROPS**

Apply 0.5 - 3 gallons of SPARK™ MANGANESE per acre up to every 7 days during timings of key nutrient demands, in combination with water and any compatible mineral that may be needed.
